What I See

Dirty Projectors

Hear what I say I'm gonna get out of my mind where I'm going to Be on your way, your spirit is crawling after Will I disappear? Everything dies nothing to worry about Everything goes on, goes on, goes on I just don't know why everything has to go away I just don't know why everything has to fade away I cannot escape there's nothing more I can do I just don't know why do I need you See what I see I'm gonna get out of my mind Where I'm going to No more, no more I'm ready to go serene to find There's nothing to hold to reach you Everything dies nothing to worry about Everything goes on, goes on, goes on I just don't know why everything has to go away I just don't know why everything has to fade away I cannot escape there's nothing more I can do I just don't know why do I need you I just don't know why everything has to go away I just don't know why everything has to fade away I cannot escape there's nothing more I can do I just don't know why do I need you I just don't know why everything has to go away I just don't know why everything has to fade away I cannot escape there's nothing more I can do I just don't know why do I need you
