

Fill My Cup

Gomez

We're nowhere in particular
We're nowhere, nowhere at all So fill my cup, make me happen
Fill it up, make me smile
Fill my cup, give me a reason
A reason to feel alright Don't you worry, sweet darlin'
It's gonna be alright
It seems that I've been sleepin'
Been sleepin' all my life
Sleepin' all my life
Sleepin' all my life I sleep alone
On my very own
Sitting sick at home Baby, up, make me happen
Wake me up, make me fly
Weigh me up, give me the reason
The reason to feel alright Don't you worry, sweet darlin'
It's gonna be alright
It seems that I've been sleepin'
Been sleepin' all my life
Sleepin' all my life Picking up girls and diseases
That burn me up, burn me up Been sleepin' all my life
Fill my cup, make me happen
Fill my cup, make me smile
