

Off That Liquor

Chris Brown

I can't lie girl, you so damn sexy
Them other girls ain't got nothin' on ya
Patron mixed with me, that's your recipe
I ain't gotta say it, I'll show ya
You're picture perfect girl, don't change a thing
Ain't goin' no where, you got me
So when you're leavin' that party baby,
Come on over, we can get it started baby, like
Come, if it's loving that you need, from me
Come close, 'cause your happiness is all that matters to me
Girl I know, I'ma cherish what I have
And now I'm holding your body,
I love holding your body
If I don't give it to you, be callin' like crazy
When I break you off, you be callin' me baby
I know why you're trippin', 'cause my sex is amazing
Acting 'cause you faded
Gone off that liquor
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
Acting 'cause you faded,
Gone off that liquor
Girl you talkin' at the side of your neck
And drinking a little too much
Your talking crazy, is all in your head
You're tipsy and ready for loving
So you're calling me over
To touching, kiss on your body
You're here tonight, but it's more to you than just that
Well, I won't complain if you throw it back, yeah
Come, If it's loving that you need, from me
Come close, 'cause your happiness is all that matters to me
Girl I know, I'ma cherish what I have
Now I'm holding your body
I love holding your body
If I don't give it to you, be callin' like crazy
When I break you off, you be callin' me baby
I know why you're trippin', 'cause my sex is amazing

Acting 'cause you faded
Gone off that liquor
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
Acting 'cause you faded,
Gone off that liquor
Girl you're my masterpiece, you're my art
Shine like a diamond, beauty so priceless girl
Valentine, my sweetheart
I'm gonna love you, baby don't worry
And if you're ready, I'ma give you my heart
Right now girl, baby come over, so we can make love
Girl this is all yours
If I don't give it to you, be callin' like crazy
When I break you off, you be callin' me baby
I know why you're trippin', 'cause my sex is amazing
Acting 'cause you faded
Gone off that liquor
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
I just wanna give you my, give you my heart (Oh!)
Acting 'cause you faded,
Gone off that liquor
