

# Another Side Of You

## Joe Nichols

Well you rolled out of bed and stubbed your toe  
And I heard you almost cuss  
And I fought back the urge to laugh  
Just listen to you fuss  
Then you overdid the coffee  
Couldn't get your hair just right  
When I smiled and said good morning  
You looked mad enough to fightWell that's another side of you  
That I'm in a love with tooYeah that mini van is a far cry  
From the sports car in your dreams  
And that dead end job  
Is pushin back vacation more it seems  
You got soccer at 4:30  
And ballet class by 5:00  
Then I call you talkin' flirty  
You ask have I lost my mindWell that's another side of you  
That I'm in love with tooWhen you lay down in my arms  
Let go of all that stress  
Whisper honey I love you  
With your head on my chest  
When the world's strongest woman is my lady  
When the day is throughWell that's another side of you  
That I'm in love with tooIf I had to do the things you do  
Well I'd just lose my mind  
Somehow you get em fed and bathed  
And settle down by nine  
And I hear you down the hallway  
As you're layin' down to sleep  
And pray the good lord watches over them and you and meWell that's another side of you  
That I'm in love with too  
Well that's another side of you  
That I'm in love with too
