Same place . same time

Gerald Levert

I don't wanna be alone
Yo I'll be there
Same place same time
I can't stand being without youAs we lay face to face
Sharing love in a temporary place
I got a girl you got a man
If they found outI'm sure they wouldn't understand
See I can't keep myself from wanting you
You see I wanna lay with you
I wanna play with you I wanna stay with youDon't ask me how I can't say why
Why we're here you and I
At the same place at the same timeDon't stop now don't let it end
Girl we must do it again
In the same way at the same timeI want my cake eat it too
Making love to her
I wish I'm making love to you
So here we are we know it's wrongEach moment without you
Baby is too damn long
There's no time to be wasting baby
So let's slip away to our favorite placeDon't ask me how I can't say why
Why we're here you and I
At the same place at the same timeDon't stop now don't let it end
Girl we must do it again
In the same way at the same timeMake sure you got your pumps on
When you come baby come along
I swear I'm gonna keep it hot
Come on give me all you got
It's our secretKeeping it a secret nobody has to know
The things that we do or the places we go
You know what time of eveningYou know just where we meet
It ain't nobody's business
We're keeping it discreetDon't ask me how I can't say why
Why we're here you and I
At the same place at the same timeDon't stop now don't let it end
Girl we must do it again
In the same way at the same time
