Skeleton Key

Buffalo Tom

I am so seasick of being out to sea
It's got to be the worst thing
That's ever happened to meBut I've got my free pass
My skeleton key
I can open every door
That stands in front of meYou are so crazy
Should be under lock and key
You've got to be the worst thing
That's ever happened to meBut I don't get angry
Got my skeleton key
I can open every door
That stands in front of meOkay, I'm seasick
I'm floating all around the sea
Monkey bars gone too far
Got my skeleton key
Got my skeleton keyYou are so crazy
Should be under lock and key
You've got to be the worst thing
That's ever had to beI don't get angry
Got my skeleton key
I can open every door
That stands in front of meOkay, I'm seasick
I'm floating all around the sea
Monkey bars gone too far
Got my skeleton key
Got my skeleton key
