Loser Like Me (Top Ten Edit)

Sixpence None the Richer

You know I need

All the love you give

A loser like me

I just don't know why you would

Give it for free

When I don't deserve it

You know now

I wonder why

You wouldn't want to charge

A higher price

You take a loss and still give

Another try

Knowing that some day

We'll find each other saying Your love is fire

And I am the wood

That burns inside

The warmth of your blood

Without you I'd fade away

A loser just like meYou know I try

To give you all the love I hold inside

I have a hard time when I can't say it right

But I'll see the day when I will find the words and say them Your love is fire

And I am the wood

That burns inside

The warmth of your blood

Without you and the flame you keep inside

I'd fade into the night

I'll always say them

Your love is fire

And I am the wood

That burns inside

The warmth of your blood

Without you and the flame you keep inside

I'd fade into the night

A loser just like me
