

# What's Wrong With Me

Skye

I try not to think about the distance of the setting sun

I try not to think about the rain

I try not to think about the saints and sinners, who have more fun?

I try not to think about the rain

I try not to think about the evil empires and stupid fools

I try not to think about the rain

I try not to think about the regulations and the rules

I try not to think about the rainOh oh oh

What's wrong with me?I try not to think about the money, the mortgage on my home

I try not to think about the rain

I try not to think about the voice mails, e-mails, angry females on the phone

I try not to think about the rain

I try not to think about the job and all responsibilities

I try not to think about the rain

I try not to think about my TV, BBC or MTV

I try not to think about the rainOh oh oh

What's wrong with me?

Oh oh oh oh

What's wrong with me?I try not to think about the planets when they line up wrong

I try not to think about the rain

I try not to think about the future or the future, so on and so on

I try not to think about the rainOh oh oh

What's wrong with me?

Oh oh oh oh

What's wrong with me?
