

Hail the Leaf

Down

Brave river, I can't sail
Lone feeling, and I might fail So I just smoke
(Smoke)
Every breath stoned Sixth hour fail to rise
And I cower in reality's eyes So I just smoke
(Smoke)
Let me feel stoned Smoke, stoned I have fallen scattered the wave
Alone I'm cryin' broken shade So I just smoke
(Smoke)
Let me [incomprehensible] stoned Smoke, stoned
(Stoned)
Let me feel stoned, huh!
Aah! I can't feel you, you can't brave
No more sadness, no more pain
That what feeds you but what [incomprehensible]
No more sadness, no more oh
