

# Pumpin' Blood

## Glee Cast

Rachel:  
Hey heart on the road again  
Moving on forward  
Sticks and stones won't break our bones  
We're in the car on the highway  
It's a magical feeling that no one's got a hold  
You're a catalyst to your happiness you know This is your heart, it's alive  
It's pumping blood  
And it's your heart, it's alive  
It's pumping blood Rachel and Santana:  
And the whole wide world is whistling  
And it's whistling Rachel:  
Hey heart on the run again  
Driving strong onward  
Sticks and stones won't take its course

Like nothing can go wrong  
Yeah you're the decider of the world  
That you will get to know Cause it's your heart, it's alive
