Human Being

Zion I

Yeah, yeah, yeah
One time officer, can you get back over us
Checking on my clique while we kickin' in the parking lot
Trippin' over something but you know it's just stress
Zion I up in the party so you know it's just blissBounce, rock with my music
Party people bounce
Rock with my music, musicBounce, rock with my music
I'm something like a tick-tock 'cause I keep time
'Cause I cut the rim shot, used to chop rhymes
I been on that hip-hop since I dropped dimes
OG see Cali love, this is triple OG this Cali bud
Oakland, California, homie sayin' wassup
But the folk who don't know me,
I'm a lone chromosome on the microphone
Quite a long way from home
Here to enter cypher, echo out and I'm gone
A new zone
And now you seein' what I'm seein'
Third eye focused over something human being
And now you seein' what I'm seein'!
Third eye focused over something human beingBounce!
Rock to my music
Party people bounce
(Bounce, bounce, bounce) (x2)Two time champion, call me Wilt Chamberlain
I love em when they bug em plus I'm muggin' for the cam again
Click-clack rap a lot, dishin' on the counter-top
It's never gonna stop on time when we rock justBounce, rock to my music
Party people bounce
Rock to my music, musicBounce, rock to my music
I'm something like a (???) then I spit rhyme
Ram-pa-pa-am live it up every time
And everything will be alright
Number one controlla, the deep soul rolla
Hit you with that diddy, in your city taking over
Shouldn't sound suspicious 'cause my nizzy is Lakota
And I'm breathin' underwater, I supply the brick and mortar
