Mainline

Kiss

You know that it's easy, so come on and please me I want you
I'm needin' some lovin', I'm hot like an oven, it's so true
You know what I want you to do
So baby, won't you let me on through, yeahMainline, baby won't you give it to me one time
Mainline, baby won't you give it to me one timeI know you could use me, so please don't refuse me, oh, love me
You've got to start givin' and baby, stop livin' above me
You know what I want you to do
So baby, won't you let me on through, woah, yeahMainline, baby won't you give it to me one time
Mainline, baby won't you give it to me one timeMainline, baby won't you give it to me one time
Mainline, baby won't you give it to me one timeYou know that it's easy, so come on and please me I want you
I'm needin' some lovin', I'm hot like an oven, it's so true
You know what I want you to do
So baby, won't you let me on through, yeahMainline, baby won't you give it to me one time
Mainline, baby won't you give it to me one time
Mainline, baby won't you give it to me one time
