

# Nowhere Without You

[Sophie Ellis-Bextor](#)

Remember us from 'Tell Me'  
And sleepin' 'In My Bed'  
We 'Never Made A Promise'  
And 'Five Steps'  
'April Shower' me with love  
You're 'So Special' to me  
There's so much more to Dru Hill  
Then what the eye can see  
We want you to know, we love you  
We want you to know, we need you  
Where would we be without you?  
Nowhere, nowhere, nowhere, nowhere  
You feel it in our music  
Because of you, we do this  
We're never gonna lose it  
No way, no way, no way  
No way, no way, babe
