Who Are They?

Buck-O-Nine

They say coffee makes me nervous
They say that alcohol spins me 'round
They say that I've got some questionable behavior
And I suspect, it's all written downWho are they?
Where do they get their information?
Who are they?
Where do they get their know?
Who are they?
Hey, why do they think they know?They say I should stop acting like a kid
They say, hey what's behind them shades?
They say I'm always sittin' writin' in a little book
And they've noticed my car it don't have platesWho are they?
Where do they get their information?
Who are they?
Where do they get their know?
Who are they?
Hey, why do they think they know?Hey, who the hell are you?
What you want from me
And what do you know about me?
[Incomprehensible]
[Incomprehensible]
[Incomprehensible]
Coz I say who the hell are they?They've showed up at my favorite place for lunch
They know I like to go to be alone
Are they a network of experts that don't even need a name?
And I still don't know who the hell they think they are?Who are they?
Where do they get their information?
Who are they?
Where do they get their know?
Who are they?
Hey, why do they think they know?
