

Feel the Vibe (feat. Dawn Tallman) [Club Mix]

Bob Sinclar

Running wild in a daze try'na catch a dream before it fades,
so upset, I take my time,
can't stop me moving,
just watch me ride, You try to shake me up
tell me the fool i've been
but I shut you out,
tonight I raise my cup
cause it's my life to live,
I don't have a doubt And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive.
And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive... Working hard, I smell success
'Cause I believe
I do my best
Enjoy the journey, it never ends
Long as I'm happy, I pass the test You try to shake me up
tell me the fool i've been
but I shut you out,
tonight I raise my cup
cause it's my life to live,
I don't have a doubt And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive
And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive
And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive And I'm making the most cuz I'm grateful I'm
and I'm making the most cuz I'm grateful I'm
and I'm making the most cuz I'm grateful I'm... Making the
making the... And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive
And I feel it, feel the vibe
and I'm making the most cuz I'm grateful I'm alive
