

# I Am Beautiful

Candice Glover

You say I sound silly when I laugh real loud  
Talk about my day and you tune me out  
You keep telling me lies to make things worse But I don't hear you  
'Cause I'm listening to his words  
And he says I am beautiful  
And when I fall  
It don't matter that I'm not perfect  
I am beautiful  
I'm not alone  
And in his eyes I'm so worth it  
I'm worth every tear  
And every scar  
And even when you say I'm not  
He says I'm beautiful You say I'll never be good enough  
Knock me down  
Won't help me up  
And you always say the right thing to make me hurt But I don't hear you  
'Cause I'm listening to his words  
And he says I am beautiful  
And when I fall  
It don't matter that I'm not perfect  
I am beautiful  
I'm not alone  
And in his eyes I'm so worth it  
I'm worth every tear  
And every scar  
And even when you say I'm not  
He says I'm beautiful And I deserve better things  
He says he understands  
I got to do what's right for me yeah And he says I am beautiful  
And when I fall  
It don't matter that I'm not perfect  
I am beautiful  
I'm not alone  
And in his eyes I'm so worth it  
I'm worth every tear  
And every scar  
And even when you say I'm not  
He says I'm beautiful

He says he says  
I'm beautiful  
And I'm worth every tear  
And every scar  
And even when you say I'm not  
He says I'm beautiful
