

Holocaustic Deafening

Midnight

The knife slides into your brain corroding again and again

I can't believe it, it's all the same

Don't wanna hear it, twice the pain Holocaustic deafening Same trash falls in your face exploding with no taste

I can't believe it, it's all the same

Don't wanna hear it, twice the pain Holocaustic deafening Look out! one final time someday you'll pay for this
crime

I can't believe it, it's all the same

Don't wanna hear it, twice the pain

Holocaustic deafening
