My Damnation

Chelsea Grin

My damnation
Look through my eyes
And you decide if I'm a human being
My soul was ripped from me, take me away
I'll go down to the depths of this nightmare made real
Taunted by demons their voices so shrill
I can feel the agony of the tortured souls tormenting me
Exhume my mangled flesh and take me away from this death
Liberate me, please
This wasn't meant to be
Oh dear God, my eyes burned through my head
Why can I still see?
Stop the flow of my beating heart
Suck the air from my blackened lungs
And now you can see what I came to be
You too will die and forever burn with me
Burn with me, make my soul cease to exist
My damnation, follow me to the depths
My damnation now
My damnation, cleanse my soul of sin
Oh God, please save me
Cleanse my soul of sin
Fuck, take me away from this
