Big Gucci

I LOVE MAKONNEN

[Hook]
My niggas still trappin' hard, makin' plays in the south, hey
And they can't wait til Big Gucci get out
I said, my niggas still trappin' hard, makin' plays in the south, hey
And they can't wait til Big Gucci get out
Because my niggas still trappin' hard, making meals in the south, hey
And they can't wait til Big Gucci get out
I said, my niggas still trappin' hard pushin' deals in the south
And they can't wait til Big Gucci get out[Verse 1]
Still whippin', hey, all in your kitchen
Young Makonnen turn into a magician
Tell me what you wishin', nigga, fuckin' with the genie
Hey, all in the Lamborghini when I ride pass
Goddamn, he got rich fast
What the fuck he doin'?, He must sold his soul to someone
Hey, I ain't sellin' shit but these muthafuckin' rhymes
Hey stop all this rappin' and go sell my lil dimes, hey
'round on my corner I should warn you, boy
This gas I got come straight from California, boy
Sherman oaks if you tryna be exact
Niggas know I call my packs the facts, cause..[Hook]
My niggas still trappin' hard, makin' plays in the south, hey
And they can't wait til Big Gucci get out
I said, my niggas still trappin' hard, makin' plays in the south, hey
And they can't wait til Big Gucci get out
I said my niggas still trappin' hard, making meals in the south, shit
And they can't wait til Big Gucci get out
I said, my niggas still trappin' hard pushin' deals in the south, hey
And they can't wait til Big Gucci get out[Verse 2]
My shit gon' slow up, hey tell me who roll up, huh
Like they got the rest of huh
Mo' cash then what we need, nigga please, hey
I'm out here gettin' it, where's my money from over seas?
Hey, americano, hey, Lambo, I know, hey
We out here flyin' like, hol up, hey
Tell me what's up, I still off in her-- aye
Sellin' on this shit we still movin' the yay
My shit be comin' from--, I can't call it
Just give me that pack and watch me walk it

Hey, boy I should warn ya
This pack I got just came from California, cause...
