# Flowering Cherry

## Kevin Coyne

Flowering cherry, roses bloom
Sunlight streaming into my room, Lord
Winter's waning, summer's new
I love my baby, yes it's trueYou know I'll always love you
You know I'll always love you
You know I'll always need you
You know I'll always want youSummer roaming through the park
Light and brightness, darling, no more dark
Flowering cherry, love on fire
Baby loves me, my desireYou know I'll always love you
You know I'll always love you
You know I'll always need you
You know I'll always want youYou know I'll always need you
You know I'll always love you
You know I'll always need you
You know I'll always want youFlowering cherry, roses bloom
Sunlight streaming into my room, Lord
Winter's waining, summer's new
I love my baby, yes it's true, LordOh yeah
Yes it's true, Lord
You know I do, yes
