

Under a Blanket of Blue

Doris Day

Under a blanket of blue, just you and I beneath the stars
Wrapped in the arms of sweet romance, the night is ours
Under a blanket of blue, let me be thrilled by all your charms
Darling, I know my heart will dance within your arms^A summer night's magic enthralling me so
The night would be tragic if you weren't here to share it, my dear
Covered with heaven above, let's dream a dream of love for two
Wrapped in the arms of sweet romance
Under a blanket of blue
