

Never Meant

Owen

Let's just forget, everything said
Everything we did
Best friends, better halves
Goodbyes and the other night
When we realized We were falling out of love
There were some things that were said
That weren't meant
They never did
Not to be overly dramatic I just think it's best
'Cause you can't miss you forget
So let's just pretend
Everything and anything
Between you and me was never meant
