

# Lover's Spit (Slow)

## Broken Social Scene

All these people drinking lover's spit  
They sit around and clean their face with it  
And they listen to teeth to learn how to quit  
Tied to a night they never met You know it's time  
That we grow old and do some shit  
I like it all that way All these people drinking lover's spit  
Swallowing words while giving head  
They listen to teeth to learn how to quit  
Tied to a night they never met You know it's time  
That we grow old and do some shit  
I like it all that way
