

# My Oh My

MattyB

First time, all I could think was  
My oh my, I'm in love for the first time,  
First time, tonight, tonight  
My oh my, oh oh my oh my,  
Oh oh I'm in love for the first time tonight  
Tonight, my oh my It's calling crazy how she do it  
Make it seem like nothing to it  
Tryna get me stupid, acting foolish  
Got me caught and shot like cupid,  
Tryna get all them others jealous  
[?] them looks she get from fellas  
Red lipstick and dark mascara  
She can sing it acappella  
Get it feeling like you, you, you,  
Might be the one I've been waiting all this time for  
Now two, two, two  
Give me everything that I've got  
Gimme one shot baby  
Proof that I'm the best, you're not like the rest  
You got my heart coming out like  
Boom boom, out my chest  
This is love and I must confess First time, all I could think was  
My oh my, I'm in love for the first time,  
First time, tonight, tonight  
My oh my, oh oh my oh my,  
Oh oh I'm in love for the first time tonight  
Tonight, my oh my Got me choosing, got me losing  
All this time from my pursuing  
I'm advanced and now we're dancing  
We put card up in the music  
And I must be dreaming,  
Wondering what this girl right here is thinking  
Music got so loud we're screaming  
We got our hands up to the ceiling  
I don't mind if we spend more time,  
Cos I'm looking at you,  
So whatcha gonna do  
Come my way gimme one shot baby  
Proof that I'm the best, you're not like the rest

You got my heart coming out like  
Boom boom, out my chest  
This is love and I must confess  
First time, all I could think was  
My oh my, I'm in love for the first time,  
First time, tonight, tonight  
My oh my, oh oh my oh my,  
Oh oh I'm in love for the first time tonight  
Tonight, my oh my  
You the one, you the one,  
That I'm thinking 'bout all day  
Have some fun, have some fun  
Baby you should come my way,  
We can dance, we can dance  
We'll just let the music play  
Gimme love, gimme love,  
You're the one that makes me say  
[x2]First time, all I could think was  
My oh my, I'm in love for the first time,  
First time, tonight, tonight  
My oh my, oh oh my oh my,  
Oh oh I'm in love for the first time tonight  
Tonight, my oh my  
My oh my, oh oh my oh my,  
Oh oh I'm in love for the first time tonight  
Tonight, my oh my
