

# Til' Santa's Gone (milk And Cookies)

Clint Black

Now I'm only five years old  
I've got to do just what I'm told  
Santa Claus is gonna be dropping in on me  
Is there something I might have missed?  
I had quite a few things on my list  
I hope he can fit it all under that Christmas tree  
Now I know what he likes for a late night snack  
For years now it's been bringing him back  
Milk and cookies  
He'll come and go without a sound again  
But how in the world does he get in  
Ain't got a chimney  
Close my eyes and concentrate  
Try to sleep, it's getting late  
All night long I lie awake  
Till Santa's gone I just can't wait  
Now could there something I might have missed?  
I had quite a few things on my list  
I hope he can fit it all under that Christmas tree

Sneak a peek down the hall  
I've got to check now, I don't recall  
The milk and cookies  
I think I'm sure I got it all  
The stocking's hung along the wall  
Ain't got a chimney  
Close my eyes and concentrate  
I gotta sleep now, it's getting late  
All night long I lie awake  
Till Santa's gone I just can't wait  
I just can't wait, I just can't wait  
Could there be something I might have missed?  
I had quite a few things on my list  
I hope he can fit it all under that Christmas tree  
I hope he can fit it all under my Christmas tree  
[Incomprehensible]Hid a guitar under there, cowboy hat, bicycle maybe  
Don't know what he's gonna do with that horse
