

Temptation

Leaves' Eyes

In my head
I hear your voice
Is this the voice of my master
In my chest
I sense a spear
Are these the looks of my mistress

In my head
I hear your voice
Why do I suffer
In my chest
I sense a spear
Why can't I see you

Have I become a bounden slave
Shall I be lost in your spell

What do I fear
Is this a dream

My bitter spirit
Has become a burden

Lady fair
Mistress of my dreams (Temptations)
Let us share
Body, soul and sorrows

I rise and walk
Into the waves
Will you save me

You interrupt
My intellect
You take what you demand

My bitter spirit
Has become a burden

Lady fair

Mistress of my dreams (Temptations)

Let us share

Body, soul and sorrows

I rise and walk

Into the waves

Will you save me

You interrupt

My intellect

You take what you demand

My bitter spirit

Has become a burden

Lady fair

Mistress of my dreams (Temptations)

Let us share

Body, soul and sorrows

(Temptation!)

Lady fair

Mistress of my dreams (Temptations)

Let us share (Temptation!)

Body, soul and sorrows
