

# Season's End (Bonustrack)

## Kamelot

Once in my life  
A second of eternity  
Seems long in my mind  
What used to be Keep changing over time  
Don't go  
Please don't say it's over  
'Til it is Don't say goodbye  
Like we'd never meet again  
Leave me a lie  
At the season's end Moments in time  
Seems to be so long  
In my old mind  
My images of May You gave me a sign  
I took the chance  
Of never looking back  
I hope you understand Don't say goodbye  
Like we'd never meet again  
Leave me a lie  
At the season's end Come lift the light  
Into heaven with a song  
Don't say goodbye  
'Cause it's been so long It's been so long  
It's been so long You gave me a sign  
I took a chance  
By never looking back  
I hope you understand I hope you don't say goodbye  
Like we'd never meet again  
(Say goodbye)  
Leave me a lie  
At the season's end  
(Season's end) Come lift the light  
Into heaven with a song  
(With a song)  
Don't say goodbye  
'Cause it's been so long It's been so long, so long
