Just Like That

R Kelly

Oh baby, if I could explain the joy I feel
Oh, if I could explain the joy I feel and
Oh, this love makin', baby it's so real and
Oh, like winter time by the fireplace and
Oh, like trapped in walls and it's no escape and
Oh, like a precious jewel with no price tag and
Oh, like waterfalls comin' down on me and
Oh, like a tidal wave comin' from the sea and
Oh, like a favorite scene in a big movie
You wanna know how I feel just like that, just like that, baby
If you wanna know how I feel just like that, just like that, baby
(If you wanna know)
If you wanna know how I feel just like that, just like that, baby
(Oh, just like)
If you wanna know how I feel just like that, just like that, baby
Oh, like you and me makin' history, baby
Oh, like a 99th anniversary and
Oh, like a baby when it speaks its first words and
Oh, like an uplifting song the first time heard and
Oh, like a shelter when the storm gets rough and
Oh, like a mountain top from the bottom up and
Oh, like an expensive suite at the best hotel and
Oh, like a work of art when it's unveiled
If you wanna know how I feel, just like that, just like that, baby
(Like that)
If you wanna know how I feel, just like that, just like that, baby
(Oh, if you wanna know)
If you wanna know how I feel, just like that, just like that, baby
(Just like that, yeah)
If you wanna know how I feel, just like that, just like that
Oh, like the great blue sky is on a summer day and
Oh, like sittin' close in a small cafe and
Oh, like makin' love to someone you love and
Oh, like breakin' up then makin' up and
Oh, like a warm embrace when you come around and
Oh, like the sweetest words when your feelin' down and
Oh, like lost inside of a masquerade and
Oh, like a celebration in a big parade and
Oh, like a secret told to the one you trust and

Oh, like kissin' you in an all white tux
If you wanna know how I feel, just like that, just like that, baby
(If you wanna know)
If you wanna know how I feel, just like that, just like that, baby
(Just like that, if you wanna, wanna know)
If you wanna know how I feel, just like that, just like that, baby
(Just like that)
If you wanna know how I feel, just like that, just like that
Like the moon, yeah, when it glows at night
(If you wanna know how I feel, just like that, just like that)
And like the sun, oh, yeah when it shines real bright
(If you wanna know how I feel, just like that, just like that)
And just like the ocean when the whale jumps high
(If you wanna know how I feel, just like that, just like that, baby)
Like an eagle when it soars the sky
(If you wanna know how I feel, just like that, just like that)
(If you wanna know how I feel, just like that, just like that)
