The Voodoo Walk (Demo)

Ray Davies

When the heat stops you sleeping at night
And the dead leaves rustle around
And the calmness keeps you awake
And you pace around the roomThat's the zombie in you manifesting itself
And you cry out loud and nobody can help
And it's a one way sign to the gates of hell
And there's no way back, no, there's no way back
Ain't no wonder you can't sleep at nightYou just heard the voodoo call
So you pace around, do the zombie crawl
And you shuffle around in the prison cell
Doing the voodoo walk, dancing with yourself
And you just can't blame the zombie inside of youOr the voodoo curse hanging over you
Or the zombie walk like an old soft shoe
Where the voodoo man's talking inside of you
Doing the voodoo walk, voodoo walkAin't no evil spirits round here
Or zombie people or demons with pointy ears
Ain't no spooks waiting to appearDoing the voodoo walk
Talking the voodoo talk
Or the voodoo howl
Doing the voodoo walk, voodoo walkVoodoo walk, voodoo walk
Doing the voodoo walk, voodoo walkAnd the days are like living in hell
You're not well but you just did it to yourselfYou know the look
You can tell by that haunted stare
You're never quite here, you're never quite really there
And the cemetery's empty cause the zombies are everywhereDoing the voodoo walk
Talking the voodoo talk
Or the voodoo howl
Doing the voodoo walkDoing the voodoo walk
Talking the voodoo talk
Or the voodoo growl
Doing the voodoo walk
