Balisong

Rivermaya

Your face
Lights up the sky
In the highway

Someday
You'll share
Your world with me
Someday

You mesmirize me
With diamond eyes
I have to fool myself
To think that i'm alright

But I am lossing all control
My mind
My heart
My body
And my soul

Never in my life
I have been so sure
So come on up to me
And close the door

I've never felt
This way befor
Your every thing I wanted
And more

To be or not to
Were to begin
A great delimas
I'm finding my self in
Coz all I know
You only want me
As a freind
So I say
Wake up fool
This farytales

Going to an end

Never in my life
I have been so sure
So come on up tpo me
And close the door

Ive never felt
This way befor
Your everything
I wanted and more
