

All of Me

Angela Brown

All of Me
Chorus:
You are all of me
I am all of you
Kept inside
For so long
Memories of you
Crazy love, crazy love
I be all night thinking of you
Crazy love, crazy love
My memories of you
Memories, my memories
Crazy love
For too long baby
I been tempering your looks
I been craven your touch
I been talking to myself
You've been gone for too long
Crazy love, wanting you, feeling you
I'm missing you, crazy love
Chorus
Crazy love, crazy love
I be all night thinking of you
Crazy love, crazy love
My memories of you
Memories, my memories
Crazy love
I cannot believe this happened to us
When you were all I got
Without you, babe, in my life
All my dreams, I am not the same
I get on my knees, praying for your return
My life is not complete without you
apart of my dreams
My memories of you, my first true love
I cannot stop thinking of you, my friend
The memories are so real,
Your sensitive touch
Your sincere embrace
Into tears of affection
The memories we shared
Chorus
Crazy love, crazy love
I be all night thinking of you
Crazy love, crazy love
My memories of you
Memories, my memories
Crazy love
