

# Late Nights

## Snoop Dogg

[Hook]

Late night on the move, what you bitches wanna do?

We can do a hotel or get up in a swimming pool

Set up on the mountaintop, let you get a hella view

Once you get the diznick, you do what I tell it to

Ain't no telling what Jack told Helen

You can kick it with a he-she or chill out with a felon

I'm a go-gorilla not your average bitch nigga

All I want is your money but I just might hit up[Verse 1]

[?] money gone

Got your bitch on my cellphone

Tryna get with a nigga but I'm 'bout gone

Gone like a motherfucker, really not trippin' man

I'm fuckin' with these hoes and I'm getting all these bitches man (bitches man)

With the game of the players and and I'm only [?]

Big fame with the game, man I'm certified

Won't say, RosÃ© went to her defense

Don't say nothing nigga that's my bitch

Hoes say late night when it fall apart

They say and I took her from you in the dark

Inner freeze and I end up with the car keys

Had to put the bomb weed, as I break a bomb bitch

And they say you roam in the centerfold

But she bomb and she grown and she wanna go

So I put her in the back of a Sprinter Van

Rent-A-Center [?] van, yeah I went up in her man[Hook]

See on the late night tip, I know a lot of y'all even know what it is, but let me talk to the bitches for a minute.

Yeah, excuse my French, yeah, real spit. See here's the thing right here baby, now when you with a mac you gotta get maced and when you with a pimp you gotta get pimped but when you with a player you gon' get played. So which one is it? Cause it's late night, choose up. Slide up outta them store shoes and slip into these hoe shoes. Yeah, like Pimpin' Silky say, see about it. Haha yeah, it's late night, it's real late, it's too late to be

talking. I mean it's too late for anything but uh...doing what we came here to do, so let's get it
