La da da da da da da See, Normally a brotha wouldn't talk bout' his first time,
but, I'll just be real with yall, and say whats on my mind.

I remember like yesterday, just a little man,
had no clue, just didnt quite understand.

Looked up to big boy for a lil' advice,
he said, Young bro whatever you do, make sure you strap twice.

I was all nervous about it, bein' my first time,
But i said what the hell this is girl too damn fine! My Very First Time..
In the house, on the couch, in your parents bed room(remember)

My Very First Time..

I can't till' the day that I see you again(remember)

My Very First Time..

It was just as special to me as it was to you, girl.

My Very First Time..

Ill never forget,

My First Time See, it was Sunday afternoon,
moms and pops were gone.

We had to be on the low,

'cause they were on their way home.

We started kissin' and lead straight to the bed,
I can't beleive this happened, thats what I'm thinkin' in my head.

Lasted like a minute, but it seemed like forever,

We almost got caught, but I was too damn clever.

Her parents came home from church and I was almost at a drop of a dime,
Man, I will never forget my first time!(This goes on to the first and you know who you are,)

(I will see you again)

See you again

(No matter how old we both get no regrets, so never forget)

My First Time! My Very First Time..

In the house, on the couch, in your parents bed room(remember)

My Very First Time..

I can't till' the day that I see you again(remember)

My Very First Time..

It was just as special to me as it was to you, girl.

My Very First Time..

Ill never forget,
My First TimeSee, some of you might of started early,
Some of you might of started late.
But, i know when i started, and i thought it was great.
This goes out to all my little brothers in the world,
Make sure your first time is with that special girl.Clap your hands if you remember,
Your First Time (Your First Time)
Your First Time (Your First Time)
Clap your hands if you remember,
Your First Time (Your First Time)
Your First Time, Baby!My Very First Time..
In the house, on the couch, in your parents bed room(remember)
My Very First Time..
I can't till' the day that I see you again(remember)
My Very First Time..
It was just as special to me as it was to you, girl.
My Very First Time..
Ill never forget,
My First TimeMy Very First Time..
In the house, on the couch, in your parents bed room(remember)
