Never Meant To Say Goodbye

Liberty X

Oh Oh Oh
If I told you I needed a friend
Would you walk away?
And if I told you I needed a lover
Would you be afraid?
Cos I know that I left you before
But I made a mistake
I was blind to our love
Now baby I'm awake
You're always on my mind
And I can't leave our love behind
Do you feel the same way?
Cos I
Never meant to say goodbye
Since the day I did
I've questioned why
(Can't believe I've sacrificed
The best thing I had in my life)
I thought that time would heal the pain
But time has made me want you back again
(As the days have passed me by
I've realised)
I can't live my life without you
You treated me right
How could I be so wrong?
They say that you don't know what you've got
'Til it's gone
I know that it's hard to believe
I wont hurt you again
But just let me prove my love can heal your pain
Nothing compares 2 the love that we once shared
Do you feel the same
Cos I
Never meant to say goodbye

Since the day I did
I've questioned why
(Can't believe I've sacrificed
The best thing I had in my life)

I thought that time would heal the pain
But time has made me want you back again
(As the days have passed me by
I've realised)
I can't live my life without you
This time I'll make it right
These feelings are too strong for me to fight
I need your body close to mine
Just need you here with me tonight
Give me the chance
The chance
Ooh
Never meant to say goodbye (Never meant to say goodbye)
Since the day I did
I've questioned why
(Can't believe I've sacrificed (Whoa)
The best thing I had in my life)
I thought that time would heal the pain (heal the pain)
But time has made me want you back again
(As the days have passed me by
I've realised)
I can't live my life without you
Never meant to say goodbye (To say goodbye)
Since the day I did
I've questioned why
(Can't believe I've sacrificed (I want you back)
The best thing I had in my life)
I thought that time would heal the pain (heal the pain)
But time has made me want you back again
(As the days have passed me by (I never meant to say goodbye)
I've realised)
I can't live my life without you, oh
