

# One Love

## Isiah Mentor

When I wake, I see you  
Lying there on the bathroom floor  
With foam lips, a black kiss  
You're dead hero and now myth  
The way you look so nice  
We'll save the undead princess  
I'm anxiously awaiting your arrival now  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love, in your eyes now, look afraid  
A demon, your ghost eyes  
Watching me run through our lives  
A soft look in silence  
Misery come and find us  
Well, don't try to stop me  
I'm headed straight to hell down  
I want you, I need you now  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
The last night, you were here  
Your words were so meaningful  
With reprise we suffer  
I thought your roots were so fake  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes now, look afraid  
Beyond you and me  
One love in your eyes

Beyond you and me  
One love in your eyes  
Beyond you and me  
One love
