

# Overkill

[Jeremy Kay](#)

Only way to feel the noise is when it's good and loud  
So good I can't believe it's screaming with the crowd  
Don't sweat it, get it back to you  
Don't sweat it, get it back to you  
Overkill, Overkill, Overkill, shut up  
On your feet you feel the beat, straight to your spine  
[Incomprehensible] it must be balck a kiss won't make you blind  
Don't sweat it, get it back to you  
Don't sweat it, get it back to you  
  
Overkill, Overkill, Overkill, shut up  
Know your body's made to move, you feel it in your guts  
Rock 'n' roll ain't [Incomprehensible] if it don't make you strut  
Don't sweat it, get it back to you  
Don't sweat it, get it back to you, look out  
Overkill, Overkill, Overkill, [Incomprehensible]
