

Baby Blue

Blackfoot

Well...the first time that I saw her
She was standin' on the floor
And it hit me like a bolt of lightnin'
Baby when she walked through the door And the time was right
Stars were shinin' bright
And I kept fallin' Ooo...Yes it may sound funny to you
Now shes my baby blue Well...it was a jumpin' night
And everybody playin' their games
When I saw her in the light I knew Id
Never be the same Yes the stars were bright
A jumpin Friday night
And I kept fallin' yeah..yes..Yes it may sound funny to you
Oh shes my baby blue Theres no lines between us
No games we play
So why wait til' tomorrow, baby
When we can live today And now Im the light
The light thats shinin bright
In her eyes..oh yes Well it may sound funny to you
Ohh..shes my baby blue
Ohh now listen...it may sound funny to you
Ohh..shes my baby blue
