Silent Sun

Genesis

The silent sun that never shines
She is the warmth of my lonely heart
The motion of a turning wheel
Can't you stop it and look around
Baby, you feel so close
I wish you could see my love
Baby, you've changed my life
I'm trying to show you...why
A tiny stone that hides from
Can't you see that I'm just outside
A mountain stream that chills the sea
Can't you feel in your useless pride

Baby, you feel so close
I wish you could see my love
Baby, you've changed my life
I'm trying to show you...why
When the night reveals a star-filled sky
I want to hold it in my hands
When snowflakes heal the ugly ground
Your beauty hides the joy I've found
Baby, you feel so close
I wish you could see my love
Baby, you've changed my life
I'm trying to show you...why
