

Didn't We Love

Tamara Walker

Quarter moon always makes me think of you
Are you thinkin' of me too? When you see it shine
It's kind of sad but I'm smiling, imagine that
'Cause we're lucky to have had what we had even for a time
Didn't we set the nights on fire?
Did ever a flame burn any higher?
Wasn't it so sweet? Wasn't it?
Didn't we love? It's okay, sometimes I just get this way
I can't forget you anyway, I wouldn't even try
I'd rather fall than never to have flown at all
It was heaven after all if only for a time
Didn't we set the nights on fire?
Did ever a flame burn any higher?
Wasn't it so sweet? Wasn't it?
Didn't we love? Didn't we have it all back then?
Will I feel that way again? Didn't we set the nights on fire?
Did ever a flame burn any higher?
Wasn't it so sweet? Wasn't it?
Didn't we love? Isn't it bittersweet, isn't it?
Didn't we love?
