

Closer (Live Acoustic on The Mancow Show 2009)

Lacuna Coil

Want to get closer, in too deep
Where there is something I wish for Ill go through
Want to get closer into you
No hell to discover
Ive got it all inside myself
Salvation you have preached is gone
No way, you cant turn it around Looking for a higher ground
Searching for this something missed before
From a higher ground
Will I fall in a right direction?
(Higher, searching for more) Falling apart
Theres nothing real
That will convince me to change but Ill go through
Want to get closer into you
No hell to discover
There is just nothing to betray
Salvation you have preached is gone
No way, you cant turn it around Looking for a higher ground
Searching for this something missed before
From a higher ground
Will I fall in a right direction?
(Higher, searching for more) Looking for a higher ground
Searching for this something missed before
From a higher ground
Will I fall in a right direction?
(Higher, searching for more) Looking for a higher ground
Searching for this something missed before
From a higher ground
Will I fall in a right direction?
(Higher, searching for more) Looking for a higher ground
Searching for this something missed before
From a higher ground
Will I fall in a right direction?
(Higher, searching for more)
