

All I Know

Pepper's Ghost

All I know I know I know it's better when you're here
Maybe I love you more than you know
Maybe you love me more than you show
We never let it come between us
Even if it meant we hurt
All I know I know I know it's better when you're here
After awhile you learn not to cry
It might take awhile
So take it in stride
It's nothing I'm getting used to
Let it be a lesson learned
You're the one I'm trying to get through to
So take this for what it's worth
All I know I know I know it's better when you're here
I know I know I know you know I know
Find it hard to sleep your on my mind
Days turn into weeks we're losing time
Baby I love you more than you know
Maybe you love me more than you show, I don't know.
After awhile you learn not to cry
Sometimes it might take awhile
So take it in stride
We never let it come between us
Even if it meant we hurt
All I know I know I know it's better when you're here
