Get A New Daddy

The Whitest Kids U' Know

Hey there kids, i see you're feelin' blue, parents push you around and tell you what to do. Dad makes you clean your room and tell you to go to bed, instead of watching T.V. you have to do homework instead, and I know makes you real angry and you're full of rage, well me tell you a secret i wish i knew at your age. Next time you're angry, and you wanna fight back, just tell your teacher daddy likes to play with your sack. And you can get a new daddy, get a new daddy, police will take the old one away in a caddy. You can get a new daddy, get a new daddy, stay up real late, kick back, and light up a fatty. You can get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy. Get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy. Now for a little while your new daddy's cool, buys you things and tries to bond with you. Lets you eat candy and play video games, but your friends at school all think that he's kinda lame. Now you can't have your buddies making fun of your dad, and all and all this on is not so bad, but you think you might like to try once more, take naked Polaroid's of your self and leave them in his sock drawer. And you can get a new daddy, get a new daddy, stay up real late, kick back, and light up a fatty. You can get a new daddy, get a new daddy, police will take the old one away in a caddy. You can get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy. Get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy. Now your Moms wondering whats wrong with her, and why she keeps attracting men that are dirty pervs, she has a breakdown and cries and cries, and after while she's institutionalized. Then you can get a new mommy, get a new mommy, new brother, and sister, new house and new mommy. Get a new mommy, get a new mommy, new brother, new sister, new house and new mommy. Get a new mommy, get a new daddy, stay up real late, kick back, and spark up a fatty. Get a new daddy, get a new daddy, police will take the old one away in a caddy. You can get a new daddy, get a new mommy, new brother, and sister, new house, and new mommy. Get a new mommy, get a new daddy, stay up real late, kick back, and spark up a fatty. Get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy. Get a new daddy, get a new daddy, in a couple of months you'll probably get a new daddy.
