

# Got Your Number

Serena Ryder

29 in the [?]  
But it's too late, too late  
Change is gonna come Love is blind, but now I see  
I don't love you no more  
I got 20/20 [Chorus]  
Got your number, got your number  
Finally awaking from the spell I was under  
See my lightning in my bottle  
I'm wakin', I'm wakin', I'm wakin', I'm wakin' up  
I got your number, got your number  
Finally awaking from the spell I was under  
See my lightning in my bottle  
I got it, I got it, I got it, I got your number [Post-Chorus]  
Got your number, got your number, number, number
