## Kynt

### Verse I:

Come on you know you wanna play  
Stop teasin me cut to the chase  
I want you now  
I don't wanna wait  
You feelin me I'm feelin you  
You're such a freak cause I'm one to  
Let me tell you the things I like to do  
Watchin you go down on me  
Sweat drippin from cheek to cheek  
Run my fingers down the small of your back  
That's what makes me hot  
Feel my head against the back of your throat  
You try to take it til you almost choke  
I'm diggin deeper I'm about to explode  
That's what makes me hot

### Chorus:

You know it doesn't take alot  
Gotta warm it up and make it hot  
Gonna give you all that I got  
That's what makes me hot  
Any time you want to play  
Anywhere or anyway  
Gonna give you all that I've got  
That's what makes me hot

### Verse II:

Let's take a drive back to my place  
Get undressed have some wine and watch a tape  
You massage me I'll massage you  
Let's make it over to the bed unless you like the floor  
instead  
Anything you want thatâ€™s what I'll do  
Caressing your beautiful face  
Rubbing your nipples as I feel your heart race  
Heavy breathing gotta pick up the pace  
That's what makes me hot  
You've gotta ride it like you've never done before

Don't fight it just let yourself go  
Give me total control  
That's what makes me hot

Repeat Chorus

Bridge:

I know you wanna come rock with me tonight  
I know you wanna come roll with me tonight  
I know you share ecstasy tonight  
I know you wanna share your fantasy tonight
