I'm Running

Yes

Jacaranda
Help me out tomorrow
Jacaranda
Don't wanna be alone
Keep falling over
A spell that brings this sorrow
Give and take
I shouldn't be afraid
So you give me this big story
It wakes me every day
The challenge is to chase the sounds
Just to break away
And I'm running
Running
Yes, I'm running
A simple peace
Just can't be found
Waste another day
Blasting all their lives away
I've heard the thunder
Underground
Tunneling away
At the very soul of man
And I'm running
Yes, I'm running
I'm running through a new world
There is the heart of millions
Seen as a godsend to us
There stands our future
There can be no denying
Simple as A B C D
There stands our children's
All in the sharp step
As one together
All in all we race
As one this time
A simple peace
Just can't be found
Waste another day

Blasting all their lives away
I've heard the thunder
Underground
Tunneling away
At the very soul of man
At the very soul of man
And I'm running
Running
I'm running
See through science
Part of a back door
A door made up of doors
To an endless time
To a new world
There in the heart of millions
Seen as a godsend to us
There stands our future
There can be no denying
Simple as A B C D
There stands our children's lives
All in the sharp step
As one together
All in all we race
As one this time
Hear this voice now and forever
This time, brothers in time
Is it hard to take
Take this choice
Is it hard to find?
Now and forever
This fire brothers of fire
As it kicks so hard
Hard to find
As it kicks on time
There in the heart of millions
Seen as a godsend to us
There stands our future
There can be no denying
Simple as A B C D
As it kicks so
As it kick so
There in the heart of millions
Seen as a godsend to us
All in a sharp step
As one together

All in all we race
As one this time
