

# I'm Running

## Yes

Jacaranda  
Help me out tomorrow  
Jacaranda  
Don't wanna be alone  
Keep falling over  
A spell that brings this sorrow  
Give and take  
I shouldn't be afraid  
So you give me this big story  
It wakes me every day  
The challenge is to chase the sounds  
Just to break away  
And I'm running  
Running  
Yes, I'm running  
A simple peace  
Just can't be found  
Waste another day  
Blasting all their lives away  
I've heard the thunder  
Underground  
Tunneling away  
At the very soul of man  
And I'm running  
Yes, I'm running  
I'm running through a new world  
There is the heart of millions  
Seen as a godsend to us  
There stands our future  
There can be no denying  
Simple as A B C D  
There stands our children's  
All in the sharp step  
As one together  
All in all we race  
As one this time  
A simple peace  
Just can't be found  
Waste another day

Blasting all their lives away  
I've heard the thunder  
Underground  
Tunneling away  
At the very soul of man  
At the very soul of man  
And I'm running  
Running  
I'm running  
See through science  
Part of a back door  
A door made up of doors  
To an endless time  
To a new world  
There in the heart of millions  
Seen as a godsend to us  
There stands our future  
There can be no denying  
Simple as A B C D  
There stands our children's lives  
All in the sharp step  
As one together  
All in all we race  
As one this time  
Hear this voice now and forever  
This time, brothers in time  
Is it hard to take  
Take this choice  
Is it hard to find?  
Now and forever  
This fire brothers of fire  
As it kicks so hard  
Hard to find  
As it kicks on time  
There in the heart of millions  
Seen as a godsend to us  
There stands our future  
There can be no denying  
Simple as A B C D  
As it kicks so  
As it kick so  
There in the heart of millions  
Seen as a godsend to us  
All in a sharp step  
As one together

All in all we race  
As one this time
