

Overflow

Bryan Andrew Wilson

Overflow, let your spirit overflow
Overflow, let your spirit overflow
Fall on me, fall on me
Overflow, let your spirit overflow
Overflow, let your spirit overflow
Fall on me, fall on me Shower me in your love
Shower me in your grace
Shower me in your spirit
Fill this place, fill this place Shower me in your love
Shower me in your grace
Shower me in your spirit
Fill this place, fill this place
Fill this place, fill this place
Fill this place Overflow, let your spirit overflow
Send down your spirit, Lord
Overflow, let your spirit overflow
Send it down, Lord
Overflow, let your spirit overflow
Overflow, let it overflow Rain down your love
Rain down your grace
Rain down your spirit
Consume this place Rain down your love
Rain down your grace
Rain down your spirit
Fill this place We want the rain, gotta have the rain
Rain down your love, rain down your grace
Rain down your spirit, fill this place
Shower down until we're saturated
Rain down your love, rain down your grace
Rain down your spirit, fill this place We've gotta have more
Rain down your love
We've gotta have more
Rain down your grace
Rain down your spirit Overflow, let your spirit overflow
Send it, Lord
Overflow, let your spirit overflow
We cannot live without it, we cannot breathe without it
Overflow, let your spirit overflow
We're thirsty for your presence, Lord

Overflow, let it overflow
There's peace in your spirit, there's joy in your spirit
Ooh Oooh Overflow, let your spirit overflow
Overflow, let your spirit overflow
Overflow, let your spirit overflow
