Please Don't Leave Me

Eric Roberson

I sit by my window, watch the clouds go by
Every moment is a one that I'm
Crying my heart out cause I'm not there with you
I feel like a fool I've got so much shame
I know I should just walk away
But what will I do with all this pain I feel for you
Please don't leave me
Not this time
I don't think I can survive it
I'll have nothing
Not even my pride
So please don't leave me
Not this time
So many nights I lay in bed
I stare at the place where you laid your head
I wonder who's lying with you instead of me
I can't make you feel it if it isn't there
No way to convince you if you just don't care
Look in your heart maybe you could spare a place for me
Please don't leave me
Not this time
I don't think I can survive it
I'd have nothing

Not even my pride
So please don't leave me
Not this time
You made your point
It's clear to me
There's somewhere else you'd rather be
But I can't bear the thought of life without you
I sit by my window, watch the clouds go by
But I can't bear the thought of life without you
Please don't leave me
Not this time
I don't think I can survive it
I'd have nothing
Not even my pride
So please don't leave me

Not this.
Please don't leave me
Not this time
I don't think I can survive it
I'd have nothing
Not even my pride
So please don't leave me
Not this time
