The Comforter Has Come

SEU Worship

Verse I
I need a fire
So won't You burn in me again
I need new life
So won't You breathe on me again
Spirit of God
The hope of glory here
You are my desire
So won't You draw me near

Chorus:
Into Your heart
Into the deepest part
The comforter has come
The comforter has come
In Your heart
I'm found in the deepest parts
The comforter has come
The comforter has come

Verse II
I'm weak and poor
But You are strong in me
This is resurrection life
Living inside of me
Spirit of God
The hope of glory here
You are my desire
So won't You draw me near

Chorus:
Into Your heart
Into the deepest part
The comforter has come
The comforter has come
In Your heart
I'm found in the deepest parts
The comforter has come

The comforter has come

The Comforter has come... Oh oh oh oh
