English Civil War (Johnny Comes Marching Home)

The Clash

When Johnny comes
Marching home again
He's coming by bus or underground
A woman's eye will shed a tear
To see his face so beaten in fear
An' it was just around the corner in the English civil warIt was still at the stage of clubs and fists
When that well-known face got beaten to bits
Your face was blue in the light of the screen
As we watched the speech of an animal scream
The new party army was marching right over our headsAlrightThere you are, ha ha, I told you so
Says everybody that we know
But who hid a radio under the stairs
An' who got caught out on their unawares?
When that new party army came marching right up the stairs
